EDUCATION

Bachelor of Computer Science and Engineering - 8.43(CGPA)

Sri Krishna College of Engineering and Technology - 2022 - 2026

HSC - 90%

Infant Jesus Matriculation Hr.sec School - 2021 - 2022

SSLC - 98%

Infant Jesus Matriculation Hr.sec School - 2019 - 2020

SKILLS

Programming Languages : Java,Python,C++,Javascript

Web Development : Frontend - HTML,CSS,ReactJS; **Backend** - SpringBoot,Flask,FastAPI,Node.js

Database - MySQL,MongoDB

Computing & Cloud Technologies - Data Structures and Algorithm,Selenium,AWS

AI/ML - Supervised,unsupervised,Ensemble,CNN,RNN,NLP,Computer Vision,YOLO,Scikit-learn

EXPERIENCE

Apr - Jun 2024

Java Application Developer

APNA GUIDE Technologies:

- Collaborated in an Agile sprint team, ensuring project milestones were delivered on time
- Utilized Git for version control, branch management, and collaborative workflows.

PROJECTS

AnuGrah - Built a mobile app with features like voice-to-text, text-to-voice, speech emotion analysis, and SOS functionality to aid the deaf and mute community(Winning Project)

Network Anomaly Detection (5G/6G) - Developed an AI-powered network anomaly detection system using deep learning and blockchain (Polygon) to secure detected anomalies. Integrated real-time network monitoring with predictive failure forecasting (Winner - IMC).

Agronix - Developed an AI-driven plant disease detection and remedy recommendation system using YOLO and neural forecasting. Integrated a farmer community platform and a custom-trained LLM chatbot for agricultural assistance. Optimized with Edge AI for real-time disease detection, early outbreak prediction, AI-driven treatment recommendations, and market trend forecasting.

ACHIEVEMENTS

Winner at : 5g6g(IMC) Hackathon 2024, Smart India Hackathon 2024, SRCAS Hackathon 2024, AI for change Hackathon(Canada)2024 , Zenith Hackathon 2024.

LEADERSHIP

Hackathon Organizer & Host – Successfully conducted and managed internal hackathons, fostering innovation and technical growth.

Mentor for Winning Teams – Guided multiple teams with strategic insights and technical expertise, leading them to victory.
