EDUCATION

Sri Eshwar College of Engineering	B.Tech AI&DS	CGPA 8.33 (Upto 5th sem)	2022-2026
APS Academy Matric Hr Sec School	HSC	92.83%	2020-2022
APS Academy Matric Hr Sec School	SSLC	94.60%	2019-2020

INTERNSHIP

Machine Learning and Data Science - Beyond Sustainability 2024

Developed an AI-powered carbon reduction strategy assistant based on budget, timeframe, and CO2 reduction goals using Retrieval-Augmented Generation (RAG) with the Gemini API.

PROJECTS

Azure Medallion Architecture-Based Data Pipeline 2025

Designed and implemented a scalable data pipeline on Microsoft Azure using the Medallion Architecture (Bronze, Silver, Gold) for end-to-end data processing and analytics from raw ingestion to business-level insights.

Tech Stack: Azure Data Factory, Data Lake Gen2, Databricks, Synapse Analytics, Power BI, PySpark

Micro Doppler Based Target Classification 2024

Developed an application for micro-Doppler-based drone and bird classification using Continuous Wavelet Transformation (CWT) and Random Forest, extracting features from scalogram images to achieve classification.

Tech Stack: Scikit-learn, Machine Learning, Flutter, Flask

Diabetes Prediction App 2024

Developed a simple app to predict the chances of diabetes based on user inputs like age, BMI, and medical history. It uses a pre-trained AdaBoost model and has a clean, easy-to-use interface.

Tech Stack: Scikit-learn, AdaBoost, Python, Streamlit

ETL Workflow for Redfin Data Using AWS Services 2024

Developed a scalable ETL pipeline for Redfin real estate data using Amazon EMR, Apache Spark, and Amazon S3, ensuring efficient extraction, transformation, and storage of large datasets.

Tech Stack: AWS services

CERTIFICATIONS

AWS Certified Cloud Practitioner	AWS	2025
Certified in Machine Learning for Engineering and Science Application	NPTEL	2024
Certified in SQL	HackerRank	2024
Certified in Java Programming from beginner to advanced.	Udemy	2023
Certified in Data Structures and Algorithms	Udemy	2023
Certified in Python Programming	Udemy	2022

ACHEIVEMENTS

Leetcode: Max Rating: **1411** | Problems solved: **330+** Awarded 50 days Badge in 2025 [Profile](#)

SIH 2024 Finalist for Micro Doppler Based Target Classification 2024

Secured **2nd place** in **Mini Project Expo** for the project **Parkinson Disease Prediction** at SECE 2024

Secured **ELITE** in **NPTEL** Machine Learning for Engineering and Science Application by IIT-Madras 2024

Secured second place in the **V-PRAYUKTI 24 ML Hackathon** at **BIT** 2024

Secured **3rd place** in **Mini Project Expo** for the project **Quiz Generation** at SECE 2023

SKILLS

Programming Languages	C Python Java
Core	Data Structure Data Science Machine Learning Oops Linux
Databases	MYSQL
Tools	VScode Colab Jupyter notebook
